Hi Cheryl,

Thank you for forwarding this. I like the plan you proposed.

Have a good day,  
Jenny

**Subject:** Fw: Lab for N15 Analysis

Hi Jennifer:

Attached is the lab that Region 10 uses for N15 analyses. I called the PACE Lab in Kewaunee, Wisconsin, but they do not do isotope testing. Depending on the holding time and shipping costs, we might be better just sending it to the lab in Region 10.

sincerely,

Cheryl Burdett

That is great news. We have contract with Pace labs. Hopefully, they do N15.

Thank you again.

Cheryl Burdett

Cheryl,

The lab we used for N15 analysis was called Zymax. It has been acquired by Pace Analytical. The Pace website is below.
